

# MAINTENANCE SCHEDULE

## READ USE AND MAINTENANCE AND ADJUSTMENTS AND INSPECTIONS

	FLEXY		SUGGESTED CONTROL EVERY HOURS					
	 Suggested replacement	DAILY	50	100	250	400	750	1000
BATTERIES	Check water level add if necessary	x						
	Check cables, connections and plugs.		x					x
	Discharge and recharge 12 hours (only the first time)				x			
	Check cleanliness of machine battery tray .			x				
ELECTRIC PLAN	Check tightness of electric contacts and fuses			x				x
	Check state of electric cables crossing the machine					x		
	Check chopper card				x			
SOLUTION TANK	Check cleanliness of solution filter	x					x	
	Check water valves and hoses to the brush head			x			x	
	Check all water connection from the tank to the brushes				x			
RECOVERY TANK	Check cleanliness of the tank	x						
	Check filter and float system	x					x	
	Check suction and drain hoses	x						x
	Check suction gasket and drain hoses plugs		x					x
BRUSHES BASE	Check tightness of internal belt and state of bearings				x			x
	Check spraying guard and right brush inclination			x				
	Check brush attachments (rust, ruined parts, cracks)				x			
	Check splash guard		x			x		
	Check brushes		x		x			
	Check brush reducers (oil leakage, bumps, noise)				x			x
BRUSH MOTOR	Check lift/lower system				x			
	Check cleanliness of air cooling inlet			x				
	Check carbon brushes				x		x	
SUCTION MOTOR	Check Amps consumption and noise level						x	
	Check noise level and cleanliness of the inlet hose			x				
	Check carbon brushes				x		x	
SQUEEGEE	Check suction performance, replace if necessary						x	
	Check cleanliness of the lips and squeegee regulation	x						
	Check wear of back lip		x	x				
	Check wear of front lip		x		x			
TRACTION SYSTEM	Check squeegee structure and machine support					x		
	Check the carbon brush				x		x	
	Check the tightness and the wear of the chain					x		
	Check the cleanliness of air-cooling inlet				x			
	Check the wear of rear/front wheels					x		
BRAKING SYSTEM	Check the motor/wheel greasing					x		
	Check emergency brake system				x			
	Check parking brake system				x			
	Check safety stop at pedal release about 95cm						x
